Do you know someone who is male and over 50?
(Over 45 if there is already a strong family history of prostate cancer)

Mr David Baxter-Smith (consultant urologist) has been involved in the organisation of many free prostate screening events and has attended all previous Prostate Cancer Awareness Evenings organised by the Lions Club of Reading.

- The screening involves the taking of a blood sample by trained phlebotomists which is sent to a hospital laboratory for analysis to determine PSA levels.
- The results will be sent direct to Mr Baxter-Smith for review. Every person tested will be contacted by letter directly from Mr. Baxter-Smith. The letter will give advice on future action.

As parking at the Circle is limited, please use the complimentary specified parking area at the Madejski Stadium. A shuttle service to the Circle and back is available.
