***I would like to have a blood test to ascertain the level of my Prostate Specific Antigen (PSA). I understand that this could indicate the need for further examination and/or tests by my Doctor after being notified of the result of my PSA blood test. I understand that even with a normal result my prostate gland could still be abnormal and I should still visit my Doctor if I have trouble passing urine. This test is being offered free of charge. Only my Doctor or any party he recommends will be able to offer more detailed testing, advice and treatment.***

***If you have suffered flu like symptoms, vomiting or diarrhoea within 48 hours prior to your visit, we ask you not to attend this event in order to reduce the risk of transmission to others. Alternative arrangements may be made if you cannot, or should not, attend on the day. Please contact Reading Lions on 07881 903042 or 0845 833 7431 for further details.***

Reading Lions fundraise to cover the cost of each test (approx £20). Any donation from you will help us to extend this service to others whilst still supporting other local good causes.

Donations can be made during the event or through
